Skywarn Class Location Change

The Basic Spotter Class being offered by the National Weather Service on March 14, 2019, 7 PM, has been moved to a new location:

Cary Fire Station 7
6900 Carpenter Fire Station Rd
Cary, NC 27519

Free local training provided by local National Weather Service (NWS) typically lasts about 2 hours. You'll learn:

- Basics of thunderstorms Development
- Fundamentals of storm structure
- Identifying potential severe weather features
- Information to report
- How to report information
- Basic severe weather safety

Plan to be with us on March 14 to take advantage of this valuable training!

Become A Spotter For Our Area

NWS encourages anyone with an interest in public service and access to communication, such as HAM radio, to join the SKYWARN® program. Volunteers include police and fire personnel, dispatchers, EMS workers, public utility workers and other concerned private citizens. Individuals affiliated with hospitals, schools, churches, nursing homes or who have a responsibility for protecting others are also encouraged to become a spotter.
