

## **CARC Meeting Notes – October 22, 2020**

President Larry called the October, 2020 meeting of CARC to order via Zoom at 7:31pm, with four members attending. The Minutes of the August, 2020 Zoom meeting were read, then the Treasurer's Report revealed a balance in the Club account of \$7,480.20.

Larry proposed that the Club buy a one year subscription to Zoom in order to provide unlimited time for future meetings and programs without interruption. The motion was approved and Larry announced that he would make the purchase. He then polled the attending members about another Zoom meeting in early November and all voted in favor.

President Larry conducted an election of officers for the Club's 2020-2021 year, and all currently serving agreed to extend for another year. The Club secretary mentioned that if face-to-face meetings might be planned during the upcoming year Woodhaven Baptist Church would allow the Club to use a classroom in its building, but would charge a \$50 sanitation fee for each session.

Larry called everyone's attention to the monthly reports of our new Section Manager Rusty Schlacheck (W3US). He urged all to check the new publication.

During the program session of the Zoom Meeting, President Larry presented a slide show of the 2011 - 2012 ARRL expedition to rugged Melpelo Island off the coast of Columbia.

There being no more business to conduct, the October, 2020 Zoom Meeting of CARC was adjourned.
