

Cary Amateur Radio Club

April 16, 2021 Newsletter

Proposed Program Presentations

In the interest of planning better programs for our Club, a number of recorded presentations have been found on the internet. Please select all the subjects that are appealing and vote for them. Note the numbers of your chosen titles and email them to the Club Secretary at: logos@sprintmail.com. The results of the polling will be shown in this month's **Feedline**, and also displayed during our Zoom CARC Club meeting on April 23, 2021 at 7:30
