

CARC Meeting Notes – February 24, 2022

President Larry called the February, 2022 Zoom meeting of CARC to order at 7:31pm, with six members attending. The Minutes of the January, 2022 Zoom meeting were read, with approval, followed by the Treasurer's Report of the Club's bank balance.

Following Jim William's Treasurer's Report, he stated that he had solved the problems uploading files to the Club's website, and would post the Meeting Minutes for January and February as soon as supplied by the Club Secretary.

President Larry announced that the Club had reserved two tables at the upcoming RARSFest on April 16, 2022, which would be available for members who wished to sell merchandise or take a break during the event. Don Hurlbert was asked to check regularly at the Club's PO Box for the registration receipt, which would be mailed by the RARS club.

Herb Lacey was asked to take the master copy of the flyer for the CARC Swapfest and supply copies to Larry in time for the Charlotte Hamfest beginning on March 11, 2022.

Larry mentioned that the North Carolina QSO Party was scheduled for Saturday, February 26 this year, only two days away. The dates for the DurHamFest had not been announced, for 2022, but members would be notified as soon as it was published.

Anticipating the CARC Mid-Summer SwapFest, Herb Lacey reminded everyone that Saturday July 16th, the Ritter Park Pavilion had been reserved from 6:00 AM until 2:00 PM. He also promised to check the calendar of the Resurrection Lutheran Church about a test site availability and check with Joe White about what requirements he might wish published in the Feedline for the benefit of test participants.

Larry stated that he would continue to probe the White Plains Methodist Church about the possibility of a meeting room during the rest of the year.

Larry announced that the Club next meeting this would occur on March 24, 2022.. . Anyone with suggestions for programs was encouraged to speak up.

Jim Williams presented an instructive video entitled "Why Are Circuits On Boards?", tracing the history of circuit boards from birth in the '20's until today.

There being no more business to conduct, the February, 2022 Zoom meeting of CARC was adjourned.
