

## **CARC Meeting Notes – April 28, 2022**

President Larry called the April, 2022 Zoom meeting of CARC to order at 7:31pm, with seven members attending. The Minutes of the March, 2022 Zoom meeting were read, with approval, followed by the Treasurer's Report of the Club's bank balance.

Following his report, Jim Williams announced that unable to sell the Drake transceiver at the RARSFest, he gave it away for parts. Larry added that the sale of Lee Swanson's station equipment netted \$2,000 for Lee's wife.

Herb Lacey stated that he would visit Resurrection Lutheran Church and pay for the use of a classroom for VE Testing during the Club's SwapFest in July.

In anticipation of the SwapFest, President Larry agreed to replace any missing directional signs and announced that all plans and assignments would be made during the Club's June meeting.

Larry said that contact with the White Plains United Methodist Church revealed that occupancy of classrooms might occur mid Summer, allowing our meetings to resume there. He also advised that the Club would once again assist RARS with its Field Day operations at Jim Carroll's Farm at 4501 Friendship Rd. in Apex from June 24–26 .

Jim Williams presented an interesting video entitled "Antenna Tool Box," describing the use of Antenna design software that ensured highly effective arrays of many kinds.

Larry announced that the Club's next meeting would occur on May 26, and there being no more business to conduct, the April, 2022 Zoom meeting of CARC was adjourned.
